

Kentucky Habitat for Humanity

supports **51** Habitat affiliates

in **59** counties

BUILDING

simple
decent
affordable
homes

We leverage shelter as a catalyst for community transformation.

We promote policies and systems that advance access to adequate, affordable housing.

We mobilize volunteers as hearts, hands and voices for the cause of adequate, affordable housing.

Our Goals

Pride of home ownership

Enabling veterans to receive their benefits

Serving those who are currently unable to be reached

Why Containers?

Each year **700,000** cargo containers are abandoned in the U.S.

They **cost significantly less** than conventional homes.

They are both **quick and durable** solutions for affordable housing.
